WORK EXPERIENCE

Almetek - Hackettstown, New Jersey

December 2021 - Present

- Create drawings of various safety signage/products for customer service and or production.
- Modernize old artforms and correct older drawings if needed.
- Established a spreadsheet for easy way to locate previous signage of similar sizes and specs for easier production.
- Helped with company website launch by revitalizing website graphics and updating product literature.
- Created new brand identity for sister company.

Minuteman Press - Hackettstown, New Jersey

May 2021 - December 2021

- Streamlined print setup to include material presets to save time when setting up prints for production.
- Organized vinyl rolls onto wall or scrap boxes and created labels for wide format printer materials.
- Kept track of print materials and made sure they are reordered when needed.
- Designed yard signs, banners, business cards, door hangers, and post cards.

G1 Graphics - Newark, New Jersey

October 2020 - December 2020

- Designed things from candle logos, to banners, to massive wall prints for nearby airports.
- Recreated logos and various content for high quality prints if high enough quality logo could not be provided.
- Helped produce things such as banners, t-shirts, and vinyl for vehicles.
